REPORTS | STATISTICS

[CBA on the energy imperative](#) (AU)

CommBank's latest research has revealed that rising electricity costs are a key factor when looking to lease or buy new equipment. Among the survey participants, 90 per cent said that the cost of grid electricity was impacting their purchasing decisions.

[Weekly Petrol Prices Report - Week ending 5 May 2019](#) (AU)

[Do transportation network companies decrease or increase congestion?](#) (US)

This research examines whether transportation network companies (TNCs) live up to their stated vision of reducing congestion in major cities. Instead, researchers found that transportation network companies such as Uber and Lyft are the biggest contributor to growing traffic congestion in San Francisco.

SKILLS | TRAINING
