Skilled Migration Occupation List Traffic Light Bulletin - March 2020 review

Dear Member

The Department of Employment, Skills, Small and Family Business has now published its [Traffic Light Bulletin](#) on proposed changes to occupations listed on the Short-Term Skilled Occupation List, the Medium and Long-term Strategic Skills List and the Regional Occupation List. These lists underpin a range of employer-sponsored, points-tested and state-nominated visa programs.

The Traffic Light Bulletin is for consultation purposes only. It does not represent a decision of Government.

The public consultation period is now open until **12 February 2020**.

Among the proposed changes to the skills occupation list is ANZSCO code 321111- Automotive Electrician. VACC recognises the impact skills shortage is having on this industry sector and will be making a submission to ensure this pipeline remains open for skilled migration. I would also encourage you to make your own submission to this consultation.

To provide a submission, please visit the [Department's website](#).

Please see the [Submission Guidelines](#) to assist you in preparing a submission.

Yours sincerely

John Khoury
