

# BULLETIN

## Commercial Vehicle Industry Association (Vic)

**Reference No:** Engineers Registration Act 2019-11-19

**Date issued:** 26/11/2019

---

Dear Members

The Victorian Government is hosting a public consultation on the Professional Engineers Registration Act 2019

**on Monday, 2 December 2019**

**5.30pm – 6.30pm**

**Level 5, 121 Exhibition Street, Melbourne**

Please register to attend [HERE](#).

VACC was not supportive of the Bill arguing it was unnecessary red-tape, does nothing to combat safety issues and is generally badly designed legislation that increases engineer liability to untenable degrees. Therefore, it is vitally important that members attend this consultation to contribute to the development of the Regulations and Regulatory Impact Statement.

VACC has been invited to sit on the Act's Stakeholder Reference Group, and I will endeavour to ensure member views are conveyed – however it is also so powerful to have members physically present at such forums.

If you cannot make the information session in Melbourne, you can stay updated via [Engage Victoria](#).

Should you have any questions, please do not hesitate to contact me on [ireid@vacc.com.au](mailto:ireid@vacc.com.au).

Best regards

**Dr Imogen Reid**  
**Industry Policy Advisor**  
Industry Divisions
