## Commercial Vehicle Industry Association (Vic)

Reference No: EngAd/ir-05-20

Date issued: 04/05/2020

Dear Members

### Position available: Engineer Member - Business Licensing Authority | Melbourne - CBD

The Business Licencing Authority (BLA) is seeking an experienced engineer to play a lead role in:

- registration and renewal decisions to ensure that applications are dealt with and determined fairly, efficiently and in accordance with the law;
- approving applications from organisation to conduct schemes to assess the competence of engineers for registration and renewal;
- monitoring the delivery of those assessment schemes; and
- providing technical engineering advice to the BLA and Consumer Affairs Victoria.

The new, part-time role requires an experienced engineer with the ability to provide high quality advice in a regulatory environment. This includes a broad range of knowledge of the engineering profession and required competencies. The successful candidate will play a lead role in determining engineer registration decisions along with **the implementation of the new Professional Engineers Registration Bill**.

The role reports to the BLA Chairperson and the successful applicant will be engaged on a part-time basis (initially 2-3 days per week but may increase closer to implementation of the scheme). It may also be an opportunity for current VACC members to continue providing VASS related engineering consulting work/supplement income in light of the current COVID-19 downturn.

A full position description is available [HERE](#).

Should you know of any candidate who would be a good fit, please encourage them to apply. More information can be found [HERE](#).

Applications close 10 May 2020.

**Dr Imogen Reid**  
**Industry Policy Advisor**

**VACC**
