

Free vehicle registration for eligible apprentices

Dear member

As announced in the recent 2023/24 Victorian Budget, the state government will make vehicle registration free for eligible apprentices from 1 July this year.

Apprentices who need their car for work are already entitled to a 50 per cent discount on their vehicle's registration fee as part of the Government's Trade Apprentice Registration Discount scheme, and the removal of registration fees completely will provide added relief for apprentices from cost-of-living pressures.

Eligibility for Victorian apprentices under this scheme is dependent upon their employer verifying that their vehicle is an essential part of their work.

Eligible apprentices can apply for the free vehicle registration via the **myVicRoads** portal on the VicRoads website.
