## Motorcycle Industry Division and Farm and Industrial Machinery Dealers Association

Reference No. Quad bikes/mm-10-21

Date: 05/10/2021

Members are advised that from 11 October 2021 a new or second hand imported quad bike sold in Australia must meet the requirements of the *Consumer Goods (Quad Bikes) Safety Standard 2019 (Cth)* ([mandatory Quad Bike Safety Standard](#))

**This will mean that from 11 October 2021 if you retail a quad bike you will be required to ensure that:**

- All general use model quad bikes must have an operator protection device (OPD) that is either:
  1. fitted into the bike; or
  2. integrated into its design.
- All general use model quad bikes must meet the minimum stability requirements of:
  1. lateral stability – a minimum tilt table ratio (TTR) of 0.55
  2. front and rear longitudinal pitch stability – a minimum TTR of 0.8

The Australian Competition and Consumer Commission (ACCC) has forewarned that fines and penalties may apply for failure to comply with a mandatory safety or information standard.

For further information please refer to [ACCC media release 154/21](#).
