LVT Applications Open

VicRoads has advised that Licensed Vehicle Tester (LVT) applications have resumed as of 23 May 2016 after they were suspended in November 2015.

Before you proceed with the application process, you'll need to fill out a pre-approval application and understand the requirements for your workshop. You'll still need to apply for a LVT license even if you have purchased a LVT workshop. Please note: the license is not transferable.

For further details please go to the VicRoads website <https://www.vicroads.vic.gov.au>

Reminder

Members who are Licensed Vehicle Testers (LVT) and were accredited before 1 April 2013 are required to update your skills and knowledge by finishing a one-day refresher course. This course must be completed by 30 November 2017. If you do not successfully complete the course before 30 November 2017 your accreditation will be revoked. This means you will not be able to continue issuing roadworthy certificates and will need to undertake further training. For more information click [here](#)

Please feel free to contact VACC if you have any questions.

Kind regards

John Khoury
