Licensed Vehicle Testers

LVT Information Sessions

Date Issued: 14/05/2018

Ref No: LVT 03-18

VACC in collaboration with VicRoads Vehicle Safety and Registration Team are planning a series of information nights which will be rolled out across the state over the next 12 months. The first session will be held at VACC, 464 St Kilda Rd on Thursday 14 June 2018 from 6:30pm. In these sessions, we'll discuss best practices to help testers better understand the requirements for determining the roadworthiness of a vehicle and administrative procedures. I strongly recommend you attend these meetings when held in your area.

Registrations will be sent out by VicRoads shortly so keep an eye out for this information.

In preparation, can I ask that you submit any issues, questions, or specific topics you would like covered during these sessions [by clicking this link](#)
