Sims Metals

Dear Member

Sims Metal Management 'tier one' rates now apply for all members in relation to materials delivered to Sims depots. This rate applies regardless of volume. The collection and the provision of bins can be offered by Sims on a case by case basis in metropolitan areas. Collection points may be subject to a Job Safety Assessment (JSA). No overloading of bins is permitted, defined as not exceeding the water level. Collection requires notice of 48 hours prior.

Payment to VACC members will be made directly from Sims Metals within 30 days of material supply or collection. Members are required to provide their membership number to Sims upon collection and delivery.

As prices are subject to change on a weekly basis, a price list will be updated on the VACC website under member benefits every Tuesday. Be sure to save this page as a favourite for quick reference or alternatively you can access it [here](#).

Kind Regards

John Khoury
