VADA Chair's report 2018

Members of the Victorian Automobile Dealers Association (VADA) would no doubt acknowledge that the retail automotive industry has had a tumultuous ride in recent times.

VADA members have experienced many changes that have had massive impact on the day to day operations of their businesses. From the introduction and complexities of the Takata Airbag Recall to the far reaching and detailed legislation surrounding Victorian State Revenue Office voluntary disclosure, Dealers have relied upon VACC to be their conduit between Government Agencies and Dealerships.

Members would be aware that New Car Dealer issues are tabled and debated at bi-monthly VADA Executive Committee meetings.

If you take [this link](#) you will be able to view a copy of 2018 VADA Chair's report as delivered by VADA Chair, Sharon Pask at the 2018 VADA Annual General Meeting. The report highlights some of the major issues being tackled by your VADA Executive Committee.

If you believe that a representative from your Dealership can contribute to and address the ever-growing list of issues that Dealer members are experiencing, please feel free to contact me direct for a confidential chat.

In the meantime, please take the time to inform yourself of actions being addressed on your behalf by the current VADA Executive Committee.
