Industrial Relations Department

Reference No: Christmas Closure

Date issued: 5/12/2018

VACC Christmas closure

This year, VACC will close during the Christmas/New Year period from Monday, 24 December 2018 until 2 January 2019. This is traditionally a quiet time as many members have their annual close-down at this time.

To assist the department, it would be helpful if members submitted any requests for annual and long service leave calculations prior to 21 December 2018.

It would also assist if members take note of articles in the Update explaining any business operating restrictions applicable for public holidays over the Christmas/New Year period and public holidays pay entitlements for employees who work on the public holidays.
