Date issued: 05/08/2021

7-day Snap Lockdown to commence in Victoria from 8pm tonight

The Victorian Premier has late this afternoon **announced** a 7-day snap lockdown throughout **all of Victoria commencing from 8pm this evening, Thursday 5 August 2021.**

Similar to last month's snap lockdown, there will again be only five reasons for people to leave their home:

- getting necessary food and supplies;
- care and caregiving;
- exercise (up to 2 hours per day);
- authorised work and permitted education if it can't be done from home; and
- to get vaccinated at the nearest possible location.

The limitation on exercise and shopping will be **five kilometres from home** – or the closest location (if not within the five kilometre radius).

Whilst the Victorian Premier has indicated that other restrictions and arrangements will also be broadly in line with last month's lockdown, VACC will provide a further update once the details have been released.

In the interim, members needing further advice or assistance are encouraged to contact VACC's Workplace Relations team on 03 9829 1123.
