## Tasmanian Automotive Chamber of Commerce

Reference No. ROVER survey/ir-4-22

Date: 11/04/2022

### Have your say on the Road Vehicle Standards Act's 'ROVER' system

Dear Member

The Commercial Vehicle Industry Association of Australia and the Commercial Vehicle Industry of Victoria (a VACC division) are seeking feedback on your experiences with the platform ROVER (**R**oad **V**ehicle **R**egulator), the online administration system for the Road Vehicle Standards Act (2018) (RVSA). The RVSA legislation replaces the Motor Vehicle Standards Act 1989.

The transitional period was recently extended until 30 June 2023, however, we understand many businesses across the automotive industry have already opted-in to the system and are utilising its functionality.

CVIAA would like to gain a better understanding of members' experiences with the system. We would also like to hear from members who have not currently 'opted-in' and your reasons for this.

We therefore invite you to participate in a [short survey](#) that should take no more than 10 minutes to complete.

You can take the survey [HERE](#)

All survey responses will remain anonymous unless participants would like to provide their contact details for any follow up discussions.

CVIAA and CVIAV thank you in advance for your participation.

The survey will be open until COB Friday 30 April 2022.

**Dr Imogen Reid**
