TACC Member Overview – Federal Budget 2023/24

Dear Member

Last night, the Treasurer Jim Chalmers handed down the Federal Budget for 2023/24. The Budget contains some key items of interest for TACC members and the broader business community.

TACC congratulates the Federal Government on the 2023/24 Budget and welcomes many of the initiatives that will support businesses and the broader community in what are uncertain times. TACC will continue to lobby the Government to keep the issues and challenges faced by the automotive industry as a priority in future policy and decisions.
